

Environmental Leadership Policy

A. PURPOSE

The purpose of this policy is to set forth a goal regarding environmental leadership and a means by which that goal is to be met.

B. SCOPE

This policy is applicable to and enforceable for all PSTA employees.

C. GOAL

PSTA will be an environmental leader in the community and the State of Florida. PSTA is committed to be not only in full compliance with environmental regulations, but to go beyond compliance by continually improving the Authority's environmental performance, preventing pollution, and minimizing the impact on the environment. PSTA will work to minimize significant environmental impacts by setting and reviewing objectives and targets.

D. GUIDELINES

REDUCE, REUSE, AND RECYCLE - Reduce PSTA's negative effects on the environment by reducing waste, reusing materials, and recycling waste. Show a preference for products made of recycled materials.

EDUCATE - Educate employees to be environmentally responsible by communicating how their jobs may affect the environment and how their actions contribute to achieving environmental goals. Educate the public on the benefits of transit and how riding transit reduces pollution and helps to create a livable community. Educate PSTA's governmental and business partners on the benefits of transit and development of enhanced employee commute options.

EFFICIENTLY USE RESOURCES - Implement conservation measures that consume less energy, including fuel, electricity, and water.

NATURE - Conserve natural resources by working toward a long-term goal of sustainability.

E. POLICY ADMINISTRATION

The overall administration of this policy will rest with the Executive Director and Department Directors.
