He also presented a Memorandum of Understanding (MOU) and related resolution, between PSTA and FDOT for right-of-way acquisition assistance for easements needed for the BRT project along FDOT rights of way, for a not-to-exceed budget of \$300,000. Center for Transportation and the Environment (CTE) Agreement - Henry Lukasik, Director of Maintenance, presented an agreement between PSTA and CTE for electric bus/infrastructure expansion technical services, as included in the Low-No Federal grant

awards from FY17 and FY18. He explained that the CTE will provide project management and technical assistance to help PSTA plan and deploy electric buses on PSTA's fixed route network at a cost not-to-exceed \$275,000. FUTURE MEETING SUBJECTS

Mr. Miller informed the Committee of an issue which may affect PSTA's contract with Chinese-owned BYD for purchasing future electric buses. There is a U.S. Senate Defense Bill which, if passed, will prohibit using Federal funds to purchase products such as rail cars and buses made in China. He expects the bill to pass by the end of the year and PSTA will make necessary adjustments to our agreement with BYD accordingly.

ADJOURNMENT

The meeting was adjourned at 11:07 AM. The next Planning Committee meeting is scheduled for November 20, 2019 at 10:30 AM.
